

Day Cummins Ltd are a well-established firm of Architects and Surveyors based in Cumbria. With offices in both Cockermouth and Kendal we are one of the largest practices in the area and carry out projects across the North, including the Lake District National Park, the North East, Yorkshire and Southern Scotland.

We are a multi-disciplinary practice offering a wide range of services across many of the major market sectors, including bespoke private dwellings, medium and large-scale housing developments, educational facilities, leisure developments, Industrial and commercial buildings, as well as heritage and conservation projects.

Day Cummins are seeking to recruit a **Post-Part I Year in Practice Architectural Assistant** to join their Cockermouth office and assist with their expanding and varied workload. You will work alongside the team, under the direct supervision of a Director or Associate, delivering projects from feasibility through to detailed design and supervised site experience will be given. Then, as you progress, you will be given the responsibility of dealing directly with clients and delivering projects from inception to completion on site.

The following skills will be required:-

- Architectural degree equivalent to RIBA Part 1
- Strong design and presentation skills
- Experience with 2D CAD drawing packages, such as Vectorworks or AutoCad software.
- 3D modelling capabilities using SketchUp
- Proficiency in word processing softwares, such as Microsoft Word and Excel
- Excellent spoken and written English
- Strong communication skills
- Strong creative conceptuality and enthusiasm for design
- Knowledge of Planning and Building Control requirements
- The ability to work well within a team, seek assistance and take instruction
- Initiative, enthusiasm and an eagerness to learn and develop
- Good organisational skills, with an ability to take on numerous tasks concurrently

The successful candidate will be offered a competitive salary and multiple benefits. The role will provide the opportunity to work on a variety of projects, giving valuable experience. Day Cummins will provide technical training, support and mentorship required to meet the RIBA requirements during this critical stage of practical experience.

Please submit a work sample along with your latest CV to becky.swain@day-cummins.co.uk
